

DSM2 Users Group Workplan

November 30, 2003

- ❑ The purpose of the DSM2 Users Group is to promote the exchange of ideas, information, and issues involving the use of DSM2 and/or the development of any newer version of DSM2 in the future. Our main objectives are to:
 - Establish better sharing of DSM2 FAQs
 - Obtain users' contributions to DSM2 development
 - Direct interaction
 - Better understanding of users' wishes and needs
 - Study/data sharing (QA/QC)
 - Enhance acceptance by more users

- ❑ Format:
 - Quarterly meetings: update on recent studies and applications development, Q/A sessions, training needs, dialogue and feedback...
 - First meeting will be sometime in late January. One agenda item for that meeting will be the discussion on members' expectation for this group.
 - E-mail list for news, announcements, and meeting agendas
 - Web Group for online discussions
 - Hotlink on DMS website

- ❑ Membership:

The DSM2 Users Group is open to anyone wishing to participate. All subscribers on the existing DSM2 and DSM2-Work mailing lists will be notified by email to see whether they will be interested in joining the group.
